Data Protection Statement / Privacy Notice (the “Notice”)

PLEASE NOTE: This Notice is applicable to customers, students, parents, partners or suppliers (hereinafter referred to as “you”, “your”, “customer”, “student” and/or “supplier” as appropriate in the particular context) who have supported an application. The Notice explains how SLC and others may use personal information (as defined below).

SLC is a non-profit making Government-owned organisation set up in 1989 to provide loans and grants to students in universities and colleges in the United Kingdom ("UK"). Certain functions relating to the student finance schemes within the UK have been transferred to SLC by:

• the Secretary of State for Education;
• the Welsh Ministers;
• the Department for the Economy, Northern Ireland; and
• the Scottish Ministers

If you have:

• made an application for student finance through:
  o Student Finance England ("SFE");
  o Student Finance Wales ("SFW"); or
  o Student Finance Northern Ireland ("SFNI")
    (or you’re a parent or partner who has supported such an application);
  o Student Awards Agency Scotland ("SAAS");
  o Student Finance Services as an EU student studying in England, Wales or Northern Ireland; or
• applied for Education Maintenance Allowance funded by the Northern Ireland Assembly;
• applied for EM A or Welsh Government Learning Grant funded by the Welsh Government;
• provided a service to a student, including by way of example without limitation childcare and/or Disabled Student’s Allowance ("DSA") support;

You will have supplied information about yourself (your “personal information”). Your personal information will be held and used by SLC to administer the student finance schemes (or part thereof) in the UK for and on behalf of the UK administrations noted above.

SFE and SFW are trading names of SLC which provide student finance services for English and Welsh domiciled students. SFNI is a partnership between SLC and the Education Authority in Northern Ireland which provides student finance services for Northern Ireland domiciled students. Student Finance Services is a trading name of SLC which provides the student finance services for students from the EU studying in England, Wales or Northern Ireland.

This notice explains how SLC and others may use your personal information if you are a customer, student, partner or supplier who has supported an application or provided service(s) to a customer. Throughout the Notice we will refer to you as “customer”, “student”, “supplier”, “you” and “your” as appropriate. Please note personal information is the same as personal data.
Your personal information will be held by SLC in accordance with relevant data protection legislation for the purposes as set out in this Notice. It is important that you read this Notice, together with any other privacy notice we may provide on specific occasions when we collect or process your personal information, so that you are aware of how and why we are using such information.

SLC is a joint data controller for the personal information we collect from you alongside the Department for Education; the Welsh Ministers; the Department for the Economy Northern Ireland (and the Education Authority or the Department for Education Northern Ireland where applicable); and SAAS (together the “Joint Controllers”). This means that we are all responsible for deciding how we hold and use your personal information.

What information do we collect about you?
We may collect, store and use the following categories of personal information:

- contact details such as name, title, addresses, telephone numbers and personal email addresses;
- date of birth;
- gender;
- National Insurance Number (“NINO”);
- financial data, including bank account details, student loan repayment details and annual income details;
- nationality and residency details;

- residence history;
- household details (for example if you have any dependants); and
- employment status.

We may also collect, store and use the following “special categories” of personal information:

- Information about your race or ethnicity, religious beliefs and sexual orientation (so that we can, for example, comply with our public sector equality duty under the Equality Act 2010);
- Information about your health, including any medical condition, health and sickness records (so that we can, for example, administer applications for DSA, and make reasonable adjustments in line with our statutory obligations under the Equality Act 2010);
- Information about criminal convictions and offences (for example, where this is provided as evidence to support an application or appeal).

We may also collect, store and use the following categories of information about members of your family, including child or adult dependants, in order to assess your eligibility for, and entitlement to, student finance:

- name;
- date of birth;
- gender;
- financial details, including income;

• childcare or education details.

We may also collect, store and use information about anyone with a Power of Attorney, Court of Protection appointed Deputy or consent to act on your behalf. For these purposes we may therefore collect the following categories of personal information:

• contact details such as name, title, addresses, telephone numbers, and personal email addresses;
• date of birth;
• relationship to applicant; and
• duration of authority/consent

How is your personal data collected?
We collect your data in the following ways:

• **When you provide it to us directly**
  You may give us your personal information through the student finance applications, student loan repayment and the student finance overpayment processes. This information may be provided by you, your partner, relatives (including step-parents) or Attorney/Court of Protection Deputy.

• **When your information is transferred from third parties**
  Your personal information may be shared by and/or among the Joint Controllers for the purposes of administering your loan application.

  We may also collect additional information from third parties including HM Revenue & Customs (“HMRC”); the Home Office; other government departments such as the Department for Work and Pensions (“DWP”); and fraud prevention and law enforcement agencies such as the Police and the National Crime Agency.

  You should check the privacy policies of the relevant Joint Controller and the other government departments mentioned above (available on their websites) in order to fully understand how they will process your data.

How will we use information about you?
We need this personal information to administer student finance within the legislative framework set by the Government and the Devolved Administrations. In particular, we need it in order to:

• process your application for student finance;
• determine whether you are eligible for student finance;
• make payment of student finance;
• maintain accurate and up-to-date records;
• answer queries you (or your parent(s)/partner) might have in relation to your student finance application;
• process any complaint or appeal you submit; and
• administer and/or pursue the repayment of any loan and/or overpayment of student finance you receive.
We may also use your personal information for the following purposes:

- to detect, investigate and prevent crime including fraud using both the information provided to us and publicly available information, such as that on social media and other public platforms;
- equal opportunities monitoring;
- for research and statistical purposes;
- allow the assessment and payment of student finance to be audited;
- maintain or develop systems and processes; and
- improving service levels.

**Legal Basis for Processing Your Personal Information**

We must have a legal basis for processing your personal information (and special categories of your personal information). The legal basis for processing personal information is set out in data protection legislation. Some of the above basis for processing will overlap with others, so there may be several grounds which justify us using your personal information.

We will primarily process your personal information in order to fulfil our public task of administering student finance in the UK and to ensure public funds are used appropriately.

SLC’s primary roles and performance targets include:

- using technology and improved business processes to strengthen and streamline the student finance system;
- making service improvements and improving the customer experience;
- delivering changes to student finance policy; and
- improving customer satisfaction.

We may therefore use your personal information for these purposes, which form part of our public function. Processing your personal information to make payment of student finance is also necessary for us to fulfil our obligations under the contract you enter into with us to provide student finance.

We also have legal obligations under the Equality Act 2010, for example we must comply with the public sector equality duty. We may therefore use your personal information to fulfil these obligations.

For DSA and bursary administration we will process your personal information based on the consent that you have provided to us.

As we process special category data, we must also identify a special category condition for processing. We process special category data where: (i) we have your explicit consent; (ii) it is necessary for the purposes of carrying out our obligations in the field of social security and social protection law; or (ii) it is necessary for archiving purposes in the public interest and statistical purposes.

**Change of Purpose**

We will only use your personal information for the purposes for which we collected it, unless we reasonably consider it is necessary to use it for another purpose and that purpose is compatible with the original purpose. If we need to use your personal information for a different purpose, we will notify you and we will explain the
legal basis which allows us to do so.

Please note that we may process your personal information without your knowledge or consent, in compliance with the above rules, where this is required or permitted by law.

Automated Decision-Making
Due to the volume of applications SLC receive on a yearly basis, SLC replicate the manual assessment of our SLC assessors and carry out automated processing using the same rules assessors would use to determine whether an applicant is eligible for funding based on government regulations and policies.

Your application may be subject to automated-decision making if you are:

- a new student applying for a non-means tested student loan;
- a new student applying for a means tested student loan and we are able to confirm your identity and household income through our data sharing agreements with other government bodies; or
- a returning student, who has previously applied and was awarded a non-means tested student loan.

This automated processing also reduces the need for you to complete a full application for subsequent academic years if the information you have previously supplied SLC with is unchanged. If your information has changed, you can manually make changes to your application on your online account or contact us on the numbers below. Once you have made the manual changes online this will trigger a re-assessment of the application by an assessor, who will re-assess your application based on the new information, and make a new decision based on the updated information. The re-assessment may or may not alter the original decision made.

The automated-decision making process is reviewed and tested yearly to ensure that all decisions made are correct at the time the assessment is carried out based on the information the customer provided SLC with in their previous year’s application.

For more information on how your personal information is processed by automated-decision making or to challenge an automated decision, or to request human intervention please contact us on:

- England - 0300 100 0607;
- Northern Ireland – 0300 100 0077;
- Wales – 0300 200 4050;

- England and Wales - email: formal_appeals@slc.co.uk;
- Northern Ireland – contact your Education Authority directly;
- SAAS – contact SAAS directly.

It is important that the personal information we hold about you is accurate and current. You are obliged to let us know if your personal information changes during your relationship with us.

Your rights in connection with personal information
You have the following rights in relation to your personal information:

- **Request access** to your personal information: You have a right to have access to the personal information which we hold about you, subject to certain limitations - this is referred to as a data subject access request, or DSAR.
